Dear Dottie,

Got bounced off the Metromedia "Special" after the thing with Nizer on WOR. I suspect he had something to do with it. That's whyx I haven't phoned you by the time you get this.

However, I am going to be in NYV 2/6 and will phone you then.

Sincerely,

If you ever sent that snur-ilous thing in last Sunday's World Journal Tribune I haven't gotten it. Nor have they answered my eltter challenging them to let me me factual response.

I'ge gotten a couple of Capitol relesses. Their motto seems to be never tell the truth if a lie is possible.

Interesting provision of the agreement they made with me. Five percent goes in my name to the Kennedy library. What happens now that the library turns it down?
